

**connectwell**

THE RIGHT CONNECTION

PRICE LIST

TERMINAL BLOCKS

EFFECTIVE 7TH FEBRUARY 2022

# INFRASTRUCTURE

From product conceptualization to realization, we are well equipped with the latest software and high precision machinery to meet the requirements of our customers. Some of these strengths are listed below:

- Injection and Compression Moulding
- Sheet Metal Processing
- Automated Assembly
- Electronics Assembly
- Product & Tool Design
- Tool Manufacturing

# QUALITY & SYSTEMS

At Connectwell quality is of utmost importance. It has been our constant endeavor to improve the quality of our processes and products. Our quality system has evolved from its original ISO 9001:1994 Standard to the most recent ISO 9001:2008 Certification

Connectwell products are designed, developed & manufactured as per international standards such as UL, CSA, IEC, ATEX, VDE and undergo various Electrical, Mechanical, Chemical and Environmental tests as required by respective product standards. All terminal blocks undergo total 29 different tests during their validation.

Our quality control laboratory has been approved for 'Witness Test Data Program' by Underwriters Laboratories (UL) and 'Witnessed Manufacturer's Testing Program' under IECEE CB SCHEME which substantiates the quality of testing carried out on our products.
